Dr. Anthony Fauci must go. He is responsible for one of the greatest crimes in world history: Funding the Wuhan lab in China that led to the release of the coronavirus. The result has been millions dead—over 500,000 in the U.S. alone—and the destruction of the West's economy. Fauci needs to be put on trial for treason and crimes against humanity.

Sen. Rand Paul, Kentucky Republican, has finally exposed Fauci for being a criminal, liar and fraud. At a recent Senate hearing, under direct questioning from Paul, Fauci admitted that the National Institutes of Health (NIH) under his leadership sent millions of U.S. taxpayer dollars to the Wuhan Institute of Virology. That Wuhan lab was performing gain of
